

30691QLD Course in Confined Space Safety (Building & Construction)

Overview

This course is intended to provide building, construction and maintenance workers with the necessary knowledge and skills to understand the legislative requirements associated with providing a safe work environment. It will also allow industry workers to further develop important work skills in the area of confined space safety.

N.B. This course covers assisted rescue only.

Target Audience

- Existing building and construction workers who either supervise work, or are about to supervise work, in confined spaces.

Entry Requirements

Participants must have:

- 30215QLD Course in General Safety Induction (Construction Industry); and
- Minimum intermediate level of numeracy, literacy and communication skills.

Delivery

This course is delivered and assessed over two (2) to three (3) days of face-to-face classroom sessions. *N.B. Course duration depends on the location of the confined space site used.*

Units of Competency

There are four (4) core units of competency associated with this course:

- PMAPER200C Work in accordance with an issued permit
- PMAPER205B Enter confined spaces
- HLTCPR201A Apply CPR
- CSER001C Emergency response and rescue in confined spaces

Outcomes

It is expected that participants should acquire knowledge, skill and understanding of the following areas:

- Relevant obligations, requirements and responsibilities when working in confined spaces
- Relevant legislation/s, standards and duty of care
- Risk assessment and management
- Hazard identification, control and reporting
- Planning for entry into a confined space
- Safe use of equipment
- Emergency procedures including CPR

Upon successful completion of this course participants will receive a Statement of Attainment.

Assessment Requirements

Participants will be required to successfully complete a series of assessment tasks which may include a written exam, observation / practical demonstration, group activities and case studies.

Recognition of Prior Learning (RPL) / Credit Transfer

Prospective participants may be eligible to receive RPL or credit transfer depending on whether they have any previous industry experience or hold existing qualifications. Applicants should speak with CSTC at the time of enrolment to discuss these options further.

How to Enrol

Interested applicants should download a copy of the New Student Application Form from our website and submit it with payment to their local CSTC office. Payment options are provided on the reverse side of the application form, and course prices listed on the Course Dates Brochure are subject to change without notice.

Course Dates & Fees

Dates and fees associated with this course are provided separately on the Course Dates Brochure specific to each training location. These brochures can be downloaded from our website.

Refund Policy

The Refund Policy confirms that refunds are provided (as appropriate) within an acceptable time frame. In all instances, a full refund of enrolment fees will be made to the payer if training is cancelled by CSTC for any reason. Please refer to CSTC's website for further information regarding refunds and cancellations.
