

CPC20108 Certificate II in Construction

Qualification Overview

This qualification provides an occupational outcome and a range of support tasks applicable to a majority of construction work sites. Upon successful completion of this qualification students may be employed under occupational titles such as:

- Trades assistant
- Builder's labourer
- Construction assistant.

Duration

This qualification is delivered full time over twelve (12) months.

Entry Requirements

To be eligible to apply for this qualification applicants must:

- Have completed Year 10 and be at least 15 years of age; and
- Be employed by an employer who works within their chosen vocational area of the building and construction industry.

Delivery

This qualification is delivered via a combination of several on and off the job training opportunities. *(N.B. If a workplace for the on the job training component is not available, then a simulated workplace environment is provided).* An engagement policy and contract detailing the training dates and associated units of competency will be provided at the time of sign-up.

Recognition of Prior Learning (RPL) / Credit Transfer

Prospective students may be eligible to receive RPL or credit transfer depending on whether they have any previous industry experience or hold existing qualifications. Applicants should speak with CSTC at the time of sign-up to discuss these options further.

Fees & Charges

Current fees and charges associated with this qualification will be provided to prospective students upon their initial enquiry. *(N.B. Some fee exemptions apply).*

Refund Policy

The Refund Policy confirms that refunds are provided (as appropriate) within an acceptable time frame. In all instances, a full refund of enrolment fees will be made to the payer if training is cancelled by CSTC for any reason. Please refer to CSTC's website for further information regarding refunds and cancellations.

How to Apply

Interested applicants should contact their local CSTC office for further information regarding enrolment into this qualification.

Units of Competency

This traineeship requires 15 units of competency (9 core and 6 electives) from the list below are to be completed. At least one elective unit should be chosen from each of the three fields of work, and the other three elective units from either the fields of work or the general elective bank to ensure a suitable mix of usable skills.
